

This listing of claims will replace all prior versions, and listings, of claims in the application.

LISTING OF CLAIMS:

1. (Currently amended) A fence assembly for a tablesaw having a work surface, a cutting tool disposed on the work surface, said fence assembly comprising:

a fence beam having first and second opposite sides for being slideably disposed on the work surface;

a first plurality of studs projecting outwardly from said first side [[sides]] with each stud extending to a head spaced from said first side; and

an independent fence face having a first plurality of spaced keyhole shaped [[slot]] slots each having an enlarged end for removably receiving and a narrow end for retaining said heads of said [[stud]] studs to removably attach said fence face to said fence.

2. (Currently amended) An assembly as set forth in claim 1 including a second independent fence face disposed on the other side of said fence beam and having a second plurality of keyhole shaped slots, a second plurality of studs extending from the other side of said fence beam each to a head spaced from said second side.

3. (Currently amended) An assembly as set forth in claim 1 wherein said fence face extends above said sides of said fence beam.
